

Implementation of Skill India Mission

About the Cell:

The Skill Development Cell of the college is responsible for training students by providing skill-based learning opportunities through internal resources and registered facilitators, with the objective of enhancing employment and self-employment prospects. The Cell actively encourages students to enroll in relevant courses and participate in training programs. To support this initiative, various training sessions and skill-oriented workshops are conducted for students. The Cell also implements different schemes and activities aimed at developing practical skills and improving overall career readiness.
